Safety Data Sheet

SECTION 1: Product and	company identification
Product name	: Graffiti Remover
Use of the substance/mixture	: Graffiti remover
Product code	: 0332
Company	: Total Solutions P.O. Box 240014

	P.O. Box 240014
	Milwaukee, WI 53224 - USA T (414) 354-6417
Emergency number	: Chemtec: (800) 424-9300

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification (GHS-US)

Eye Dam. 1 H318 Full text of H-phrases: see section 16

2.2. Label elements	
GHS-US labeling	
Hazard pictograms (GHS-US)	CHS05
Signal word (GHS-US)	: Danger
Hazard statements (GHS-US)	: Causes serious eye damage
Precautionary statements (GHS-US)	 Wear eye protection, protective clothing, protective gloves If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing Immediately call a doctor, a POISON CENTER

2.3. Other hazards

No additional information available

2.4. Unknown acute toxicity (GHS US) Not applicable

SECTION 3: Composition/information on ingredients

3.1. Substance Not applicable

Full text of H-phrases: see section 16

3.2. Mixture				
Name	Product identifier	%	Classification (GHS-US)	
alcohols, C9-C11-iso, C10-rich, ethoxylated	(CAS No) 78330-20-8	6-13	Acute Tox. 4 (Oral), H302 Eye Dam. 1, H318	
Ethoxyl-propoxyl terpene	(CAS No) 174955-61-4	1-5	Acute Tox. 4 (Oral), H302 Eye Dam. 1, H318	

SECTION 4: First aid measures		
4.1. Description of first aid measures		
First-aid measures general	:	If you feel unwell, seek medical advice (show the label where possible).
First-aid measures after inhalation	:	Remove the victim into fresh air.
First-aid measures after skin contact	:	Rinse skin with water/shower.
First-aid measures after eye contact	:	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor/physician.
First-aid measures after ingestion	:	Rinse mouth with water. Do NOT induce vomiting.
4.2. Most important symptoms and effe	ects	, both acute and delayed
Symptoms/injuries	:	Causes serious eye damage.
Symptoms/injuries after inhalation	:	None under normal use.

Graffiti Remover Safety Data Sheet

TOTAL
SOLUTIONS"

Data Direct	5625116
Symptoms/injuries after skin contact	: Contact during a long period may cause light irritation.
Symptoms/injuries after eye contact	: Causes serious eye damage. Corrosion of the eye tissue. Permanent eye damage.
Symptoms/injuries after ingestion	: Gastrointestinal complaints. Nausea. Diarrhea. Abdominal pain.
4.3. Indication of any immediate med	ical attention and special treatment needed
Treat symptomatically.	

Firefighting instructions Exercise catuion when fighting any chemical fire. Use water spray or tog for cooling exposed containers. Take account of environmentally hazardous firefighting water. Protection during firefighting Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures General measures I solate from fire, if possible, without unnecessary risk. 6.1.1 For non-emergency personnel Protective equipment Protective goggles. Gloves. Protective clothing. Emergency procedures Equip cleanup crew with proper protection. Emergency procedures Stop leak if safe to do so. Stop release. Ventilate area. 6.2. Environmental precautions Avoid release to the environment. Prevent entry to sewers and public waters. 6.3. Methods and material for containment and cleaning up For containment Contain released substance, pump into suitable containers. Methods for aging hand discontainer must be disposed of in a safe way, and as per local legislation. 6.4. Reference to other sections Sections for safe handling Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment and shift or on coloning. Hygiene measures Wash thoroughly after handling. Wash contaminated clothing or eruse. Conditions for safe handling Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment and clothing or eruse. Conditions for safe handli	CECTION E Einsticht	
Suitable extinguishing media : All extinguishing media allowed. S.2. Special hazards arising from the substance or mixture Reactivity : Upon combusion: CO and CO2 are formed. S.3. Advice for firefighters : Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers. Take account of environmentally hazardous firefighting water. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures : Isolate from fire, if possible, without unnecessary risk. 6.1. For non-mergency personnel Protective equipment : Protective goggles. Gloves. Protective clothing. Emergency procedures 6.1. For one-mergency responders : Equip cleanup crew with proper protection. Emergency procedures : Stop leanup crew with proper protection. Emergency procedures : Stop leanup crew with proper protection. Canditional information exactions : Contain released substance, pump into suitable containers. 6.3. Methods and material for containment and cleaning up For containment : Contain released substance, pump into suitable containers. 6.4. Herence to the sections : This material and its container must be disposed of in a safe way, and as per local legislation. 6.4. Meternet to stafe handling : Comply with the legal requirements. Do not handle until all safety precautions have been r		sures
2.2. Special hazards arising from the substance or mixture Reactivity : Upon combustion: C0 and CO2 are formed. 5.3. Advice for finelighters : Finelighting instructions : Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers. Take account of environmentally hazardous firefighting water. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidential release measures : Isolate from fire, if possible, without unnecessary risk. 6.1. Personal precautions, protective equipment and emergency procedures : General measures : Isolate from fire, if possible, without unnecessary risk. 6.1. For onon-emergency personnel : Protective equipment Protective equipment : Protective goggles. Gloves. Protective clothing. Emergency procedures : Stop leak if safe to do so. Stop release. Ventilate area. 6.2. Environmental precautions : Contain released substance, pump into suitable containers. 6.3. Methods and material for containment and cleaning up : This material and its container must be disposed of in a safe way, and as per local legislation. 6.4. Reference to other sections : Contain released substance, pump into suitable container. 6.4. Reference to other sections : Comply with the legal req		· All ovtinguishing modio allowed
Reactivity : Upon combustion: CO and CO2 are formed. 5.3. Advice for firefighters : Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers. Take account of environmentally hazardous firefighting water. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. Personal protective equipment

: Use appropriate personal protective equipment when risk assessment indicates this is necessary. Gloves. Protective clothing. Safety glasses.

SECTION 9: Physical and chemical properties

Sherion 7.1 hysical and chemical pr	opt	in they
9.1. Information on basic physical and chem	nical	properties
Physical state	:	Liquid
Appearance	:	colorless to slightly yellow.
Odor	:	Mild odor
Odor threshold	:	No data available
рН	:	No data available
Melting point	:	No data available
Freezing point	:	No data available
Boiling point	:	No data available
Flash point	:	> 200 °F Closed Cup
Relative evaporation rate (butyl acetate=1)	:	No data available
Flammability (solid, gas)	:	No data available
Explosion limits	:	No data available
Explosive properties	:	No data available
Oxidizing properties	:	No data available
Vapor pressure	:	No data available
Relative density	:	No data available
Relative vapor density at 20 °C	:	No data available
Specific gravity / density	:	1 g/ml
Solubility	:	Emulsifies in water.
Log Pow	:	No data available
Log Kow	:	No data available
Auto-ignition temperature	:	No data available
Decomposition temperature	:	No data available
Viscosity	:	No data available
Viscosity, kinematic	:	No data available
Viscosity, dynamic	:	No data available
VOC content	:	< 0.5 %

SECTION 10: Stability and reactivity

10.1. Reactivity Upon combustion: CO and CO2 are formed.

10.2. Chemical stability Stable under normal conditions.

10.3. Possibility of hazardous reactions Refer to section 10.1 on Reactivity.

10.4. Conditions to avoid No additional information available

10.5. Incompatible materials

Oxidizing agent. strong acids. alkalis.

10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Safety Data Sheet

Acute toxicity

: Not classified

alcohols, C9-C11-iso, C10-rich, ethoxylated	I (7	8330-20-8)
LD50 oral rat		500 - 2000 mg/kg (Rat; Experimental value)
ATE CLP (oral)		500.000 mg/kg body weight
Skin corrosion/irritation	:	Not classified
Serious eye damage/irritation	:	Causes serious eye damage.
Respiratory or skin sensitization	:	Not classified
Germ cell mutagenicity	:	Not classified
Carcinogenicity	:	Not classified
Reproductive toxicity	:	Not classified
Specific target organ toxicity (single exposure)	:	Not classified
Specific target organ toxicity (repeated exposure)	:	Not classified
Aspiration hazard		Not classified
Symptoms/injuries after inhalation		None under normal use.
Symptoms/injuries after skin contact		Contact during a long period may cause light irritation.
Symptoms/injuries after eye contact		: Causes serious eye damage. Corrosion of the eye tissue. Permanent eye damage.
Symptoms/injuries after ingestion		: Gastrointestinal complaints. Nausea. Diarrhea. Abdominal pain.

SECTION 12: Ecological information

alcohols, C9-C11-iso, C10-rich, ethoxylated (783 LC50 fish 1 EC50 Daphnia 1 Threshold limit algae 1 2.2. Persistence and degradability alcohols, C9-C11-iso, C10-rich, ethoxylated (783 Persistence and degradability 2.3. Bioaccumulative potential alcohols, C9-C11-iso, C10-rich, ethoxylated (783	10 - 100 mg/l (96 h; Leuciscus idus) 10 - 100 mg/l (48 h; Invertebrata) 10 - 100,96 h; Aquatic plants
EC50 Daphnia 1 Threshold limit algae 1 2.2. Persistence and degradability alcohols, C9-C11-iso, C10-rich, ethoxylated (783 Persistence and degradability 2.3. Bioaccumulative potential	10 - 100 mg/l (48 h; Invertebrata) 10 - 100,96 h; Aquatic plants
Threshold limit algae 1 2.2. Persistence and degradability alcohols, C9-C11-iso, C10-rich, ethoxylated (783 Persistence and degradability 2.3. Bioaccumulative potential	10 - 100,96 h; Aquatic plants
2.2. Persistence and degradability alcohols, C9-C11-iso, C10-rich, ethoxylated (783 Persistence and degradability 2.3. Bioaccumulative potential	
alcohols, C9-C11-iso, C10-rich, ethoxylated (783 Persistence and degradability 2.3. Bioaccumulative potential	330-20-8)
Persistence and degradability 2.3. Bioaccumulative potential	330-20-8)
2.3. Bioaccumulative potential	
•	Readily biodegradable in water. Adsorption to soil is possible.
alcohols, C9-C11-iso, C10-rich, ethoxylated (783	
	330-20-8)
Bioaccumulative potential	Not bioaccumulative.
ECTION 13: Disposal considerations	
3.1. Waste treatment methods	
aste disposal recommendations : D	Dispose in a safe manner in accordance with local/national regulations.
ECTION 14: Transport information	
epartment of Transportation (DOT)

ransport by sea	

No additional information available

Air transport

No additional information available

SECTION 15: Regulatory information

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory.

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

SOLUTIONS

Safety Data Sheet

California Proposition 65 - This product contains, or may contain, trace quantities of a substance(s) known to the state of California to cause cancer and/or reproductive toxicity.

SECTION 16: Other information

	advice

: Normal use of this product shall imply use in accordance with the instructions on the packaging.

Full text of H-phrases:

Acute Tox. 4 (Oral)	Acute toxicity (oral) Category 4
Eye Dam. 1	Serious eye damage/eye irritation Category 1
H302	Harmful if swallowed
H318	Causes serious eye damage

NFPA health hazard	:	2 - Intense or continued exposure could cause temporary incapacitation or possible residual injury unless prompt medical attention is given.
NFPA fire hazard	:	1 - Must be preheated before ignition can occur.
NFPA reactivity	:	0 - Normally stable, even under fire exposure conditions, and are not reactive with water.
